Top 4 teams in each division, boys and girls, will receive a plaque. Each MO State champ receives a gym banner. *All the students must have complied with the eligibility rules of their school, league(s) and/or tournament(s). To participate in the Cross Country Meet, a runner must be a full-time student at the school he/she is representing by September 1 of the given meet year. Without exception, a player must not have reached the age of fifteen (15) prior to the first day of September that precedes the State Meet.*

**Sanction:** LSAM will follow MSHSAA guidelines at State Tournaments. For each tournament, LSAM reserves the right to post supplemental rules, with LSAM Board approval, which will take precedence over MSHSAA rules.

**Format:** Run like a state high school cross country meet. No qualifying times or cross country meet results are required to be eligible to run. 5 runners are needed to score. Up to seven runners retain their order of finish. A school may enter 15 runners in each division. If a school has only 4 runners, the score for the 5<sup>th</sup> runner will be the place of the last finisher plus 1. If a school has 3 or less runners, the individuals can still run but their places will **not** be retained as a team so that they will not affect other team scores. Said individuals will still be eligible for the individual medals. Two divisions: Boys and Girls and split out for individual and team scoring according to state.
